

Samet ÖZTÜRK

Programmer / Software Developer

sametozturk45

sametozturk45

I like to build and solve algorithms. I think this "How can I permanently solve this problem, and how can I explain my solution style". I like to explain my thinking style. I'm a team-lover personality. I hope I will be Senior Developer at 2026, this is my destination.

Projects

• Academic documents page for University - Basic Prototype	<div><div></div></div>	65%
• Restaurant website with Admin panel	<div><div></div></div>	40%
• Single page websites	<div><div></div></div>	100%
